HANFLO™

POLY-PIPE FITTINGS

Take the Hassle Out of Connecting Poly-Pipe

HANFLO™ Solving your Cottage Water System needs. Fast, easy & efficient. No screwdrivers, no nut drivers, no heating or rusting clamps needed! Approved by CSA.

CUT PIPE

Cut the PE pipe (polyethylene pipe) square with pipe cutters, knife or saw to the required length.

PUSH ON FITTING

Push the HANFLO™ fitting into the pipe, up to the housing of the white circlip.

WIND ON NUT

Wind the nut onto the pipe by hand until tight.

TIGHTEN

Tighten nut with wrench until nut is fully engaged.

Stop Zebra Mussels

HANFLO™

www.hanflo.com

The Problem

Zebra Mussels are an increasing problem in the Great Lakes & surrounding waterways, blocking Foot Valves & Cottage Water Systems, as well as silt, sand and other debris.

The Solution

The HANFLO™ Foot Valve Sock is designed to act as a filter to help prevent clogging of the Foot Valve due to Zebra Mussels, silt, sand and other debris.

What You Need

Easy Setup

HANFLO™ Foot Valve

HANFLO™ Foot Valves unrestricted flow provides efficiency in excess of 95%. It operates at any angle or position and is easily serviced.

Sizes: 1", 1 1/4", 1 1/2", 2"

HANFLO™ Check Valve

HANFLO™ Check Valves are used in-line as a non return valve to stop fluids flowing back through your Cottage Water System. The easy access removable cap provides in-line servicing of all moving parts.

Sizes: 1", 1 1/4", 1 1/2", 2"
